

The K-LOVE radio station serves a great public interest by giving us a station that I can have my entire family listen to without worrying what is going to be said. The music they play is inspirational and a pleasure to hear. The station also provides the local not-for-profit organizations with a way to have their events mentioned on the radio without having to pay a fee. That is important to those organizations as they would not be able to pay for the service. It is also great when you travel to be able to find the stations that K-LOVE is broadcast on ahead of time so that you can continue to listen to K-LOVE throughout your entire trip. It would be a shame to lose the national station as we know what we will receive from them whereas the local stations will not provide the same service.
